The “Magic of Asia” takes you on a journey to witness amazing feats of ancient Asian magic through wide variety of magical performance styles such as Illusions, Comedy, Stage and Close-up, all performed by specialty Magicians who perform at the world-famous Hollywood Magic Castle and around the world.

Your headliner for the afternoon, JADE, took the Male-dominated world of magic by storm when she became the first woman to win the International Brotherhood of Magicians’ coveted Gold Medal of Magic, a prize awarded only a handful of times in the competition’s long history.

Jade, also known as the “Beauty of Magic”, has performed and received multiple awards for her performances both here in the US and abroad, including the Mandrake Award from France as well as the “Female Magician of the Year” award from the International Magicians Society in Las Vegas.

Fluent in Cantonese, Mandarin, and English, Jade has performed on the stages of variety theatres around the world, on luxury cruise lines, and in casino revue shows in Atlantic City, Lake Tahoe, Las Vegas, Malaysia, and Australia. She has also delighted audiences in numerous appearances on international and American television, including CBS’ Late Late Show and most recently on Penn & Teller’s Fool Us! broadcast nationally on the CW Network.

Jade’s command performance for the Royal Family of Monaco at the Princess Grace Theater was one of her many career highlights.

This is the only afternoon Asian themed magic show in the OC area, so come out and enjoy an amazing stage show of mystery and cultural performance from the orient through the “Magic Of Asia” and create a truly memorable and entertaining experience for you, your friends and family to remember.
